- Family Law Act
- Law of Property Act
- Other? _____

Please note: The Chambers Arbitration process is designed for short applications similar to those that would be heard in morning Chambers at the Court of Queen’s Bench. In that regard, you will be limited to a determination of either one or two issues.

If you require the resolution of more than two issues we invite you to contact our office to discuss the scheduling of a more traditional arbitration process to allow all of the issues in dispute to be properly addressed.
